A window will appear for the Filebound viewer installer, click the Install Viewer Button.

You will then see a download box asking what to do next; just choose to run the install file.

You will receive a warning, which you can disregard and just click to run.

Depending on if you had a previous viewer installed, you may receive the following prompt;

If so, just click Yes and proceed.

Otherwise, you will get the License Agreement window below, just select accept and hit Next.
